Our Mission

To provide safety and support to victims of domestic and sexual violence through education, advocacy, and shelter.

Our Values

SAFETY CADA promotes safety through our emergency shelter services and safety planning with victims and survivors.

CONFIDENTIALITY CADA respects and upholds client and organizational confidentiality.

EMPOWERMENT CADA advocates practice an empowerment-based advocacy model where the victim/survivor guides their own journey and advocates assist the survivor in maintaining control over their lives and choices.

DIVERSITY CADA seeks to reach underserved populations through outreach efforts as well as through inclusion and representation at all levels of the organization.

COLLABORATION CADA works closely with agency partners and community organizations in order to increase victim/survivor safety and create healthier communities.

ACCOUNTABILITY CADA acts with integrity and remains accountable to our funders, the community, and the people we serve.

PREVENTION CADA believes that domestic and sexual violence are preventable and we practice innovative prevention efforts.

CHANGE CADA works for community change to individual, societal, and institutional attitudes and behaviors that perpetuate violence.
